# How to add a YouTube video?
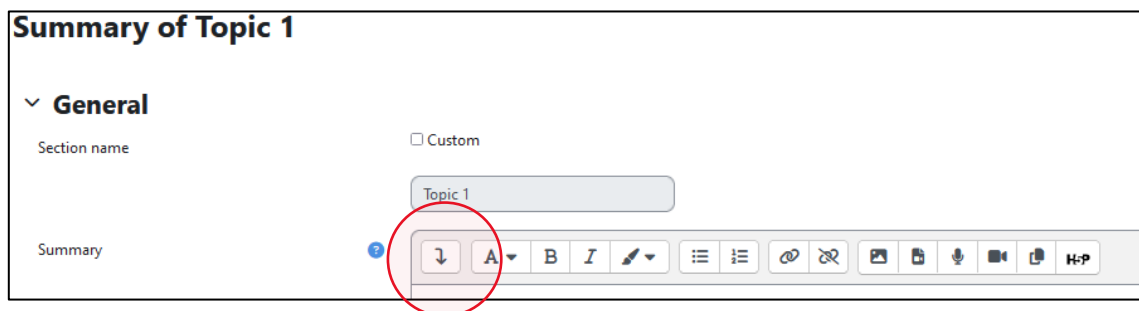

➔ Visit the video on YouTube and right-click on it. Then click on "Copy embed code":

➔ Go to the course section you wish to add a YouTube video to. Click on the 3 dots at the right of the section title and select "Edit topic":

➔ Click on the first icon, with an arrow going to the bottom, at the top of your Rich Text Editor box:

➔ Then Click on the HTML code icon towards the end of the of new line of options that appeared:

➔ If you're uncomfortable with HTML, then all you need to do is to append your copied embed code to the code that is already on the page:
